"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with

the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are Dected, and many an evil deed or impure thought you be directly traced to the impurity of the blood Foul, impure blood can be made pure by the use of Dr Pierce's Golden Medical Discovery.
